

VHF Antenna TERZA6HD

FRACARRO

Introducing Terza6HD, a VHF all band 3 antenna from Fracarro.

Terza6HD provides excellent gain, directivity and flatness. It is easy to transport and install thanks to folding elements, a 2 piece boom and wing nuts. The robust 8mm Ø elements ends are closed to minimise noise in high wind.

Features include F connector termination, a mounting bracket that accepts up to 60mm masting and horizontal or vertical polarity. The TERZA6HD's fibre re-inforced polymer (GRP) components are fully UV stable, made for long life in tough environments.

Specifications

Elements	6
Band	III
Channels	6 – 12
Bandwidth	174 – 230MHz
Maximum gain	11 dBi
Front-to-back ratio	25dB
Return loss	-15dB
Beamwidth (from -3dB points)	+/-26 °
Impedance	75Ω
Maximum mast diameter Ø	60mm
Dimensions (L x W)	119 x 86cm
Windload at 120km/h (720N/m2)	3.8kg (37. 24N)
Connector	F type

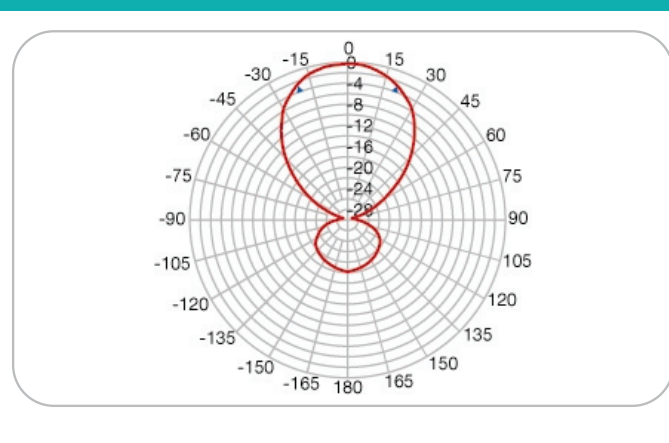

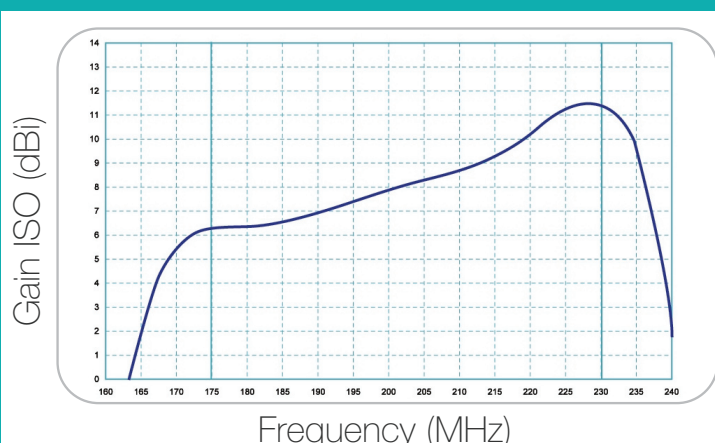

Packaging

Quantity	10 pieces
Unit weight	1.2kg
Total weight	12kg

Accessories

Horizontal (or Vertical polarisation)	Included
Horizontal polarization with tilt adjustment	MEC3603G
Vertical polarisation	Included
Vertical polarization with tilt adjustment	MEC3603G
Auxiliary boom	CA2
